Location: Hyderabad, Telangana, India

CAREER OBJECTIVE

As a fresher, I am enthusiastic to start my career, eager to learn new technologies, and motivated to contribute positively to the organization. Motivated and passionate aspiring Full Stack Web Developer eager to begin a career in software development. Strong foundation in MERN stack technologies with hands-on project experience gained through self-learning and mentorship. Looking forward to contributing to innovative projects while continuously learning and growing as a professional developer.

KEY RESPONSIBILITIES & ACHIEVEMENTS

- Built scalable web applications using **Node.js**, **Express.js**, and **MongoDB**.
 - Developed and integrated **REST APIs** with dynamic frontends.
 - Enhanced application performance using modern **JavaScript (ES6+)** techniques.
 - Followed industry-standard coding practices under expert mentorship.
 - Created real-world projects demonstrating the complete development lifecycle.
-

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), jQuery, React.js, Bootstrap, Material UI
 - **Backend:** Node.js, Express.js
 - **Database:** MongoDB, MongoDB Compass
 - **Version Control:** Git, GitHub, TortoiseGit, Git Bash
 - **Tools:** Postman, Browser DevTools, VS Code, Sublime Text
-

PROJECTS

- **KFC Clone (Frontend Project):** Built a responsive food ordering UI using HTML, CSS, and JavaScript.
- **Todo Application (jQuery, Node.js, MongoDB):** Developed a dynamic task management system with CRUD operations and database integration.

- **Weather Forecast App (JavaScript + OpenWeatherMap API):** Created an API-driven weather app with real-time data updates.
-

EDUCATION

Qualification	Institution	Year	CGPA / Percentage
B.Sc Biological Sciences	Acharya Nagarjuna University	2025	7.59 (75.91%)
Intermediate (12th)	Andhra Pradesh State Board	2022	7.8
SSC (10th)	School Board of AP	2020	9.8

SUMMARY OF QUALIFICATIONS

- Proficient in MERN Stack Development
 - Experienced with REST API Integration & Database Management
 - Strong knowledge of JavaScript, jQuery, HTML5, CSS3
 - Familiar with Git/GitHub and debugging tools
 - Quick learner, adaptable, and eager to take on real-world projects
-

SOFT SKILLS

- Problem-Solving & Debugging
 - Adaptability & Quick Learning
 - Team Collaboration
 - Strong Communication Skills
-

TRAINING

Completed **Full Stack Development Training** under a mentor with 17+ years IT experience, focusing on MERN stack, project development, and deployment practices.
